

TOWA

SX-690

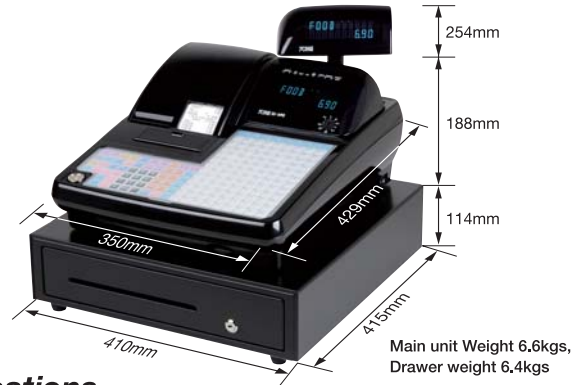

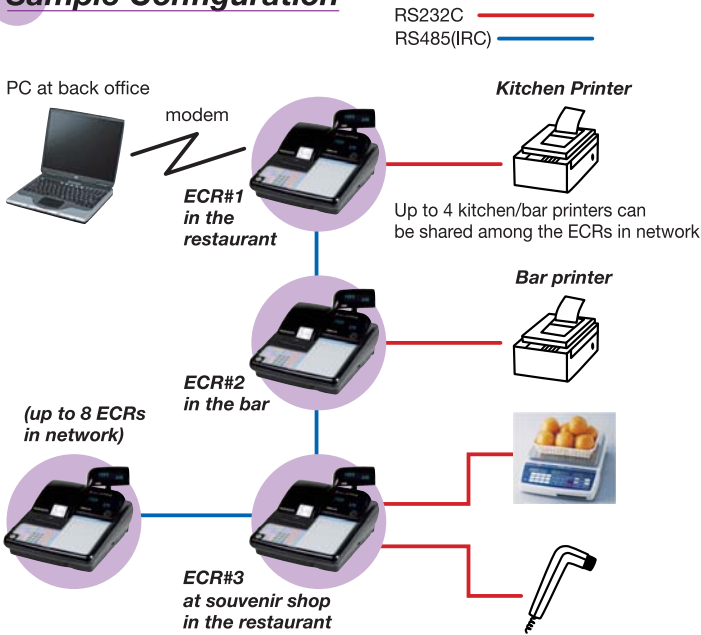

***Powerful performance and elegant design
for restaurants, bars and general retailing***

The SX-690 is a versatile ECR that can be a stand-alone terminal or linked to back office PC. Up to 8 SX-690s can be linked to each other in the same system for consolidated reporting.

The 173-position flat keyboard can be customised to meet the specific requirements of bars, restaurants and all hospitality locations. In retailing/scanning situations, the keyboard can incorporate the alphabet to speed and simplify the entry of product names.

Sample Configuration

Specifications
